An efficient method for determining a value is to ship out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for his or her opinion by way of price. Do this by creating a sales web page for the new guide, but don't embody a value on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out costs by making a number of duplicate sales pages with different costs on every page. Ensure your gross sales copy is strictly the same on each page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum price is.

In the end, if you've written a ebook that solves a problem or presents a new method, your e-book will bring in each site visitors and profits.
