An efficient approach for determining a value is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a sales page for the new book, but do not embrace a worth on that page. One other strategy is to check out prices by making a number of duplicate gross sales pages with totally different prices on every page. Ensure your sales copy is precisely the identical on each page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum value is.

Ultimately, in case you've written a guide that solves a drawback or presents a brand new method, your guide will usher in both traffic and profits.
