One is to give something away for free along with your ebook, such as a worthwhile bonus item. Or bundle several ebooks underneath one value, which lowers the price for each ebook if they have been offered separately.

An effective approach for figuring out a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the brand new guide, but do not include a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with different prices on every page. Be sure your gross sales copy is exactly the similar on each page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum worth is.

In the end, should you've written a ebook that solves a problem or presents a brand new technique, your book will usher in both traffic and profits. So remember to write that selling-deal with sentence that sums up what problem your ebook solves and what the advantages of your 1185 ebook can be to the shoppers who buy it.
