An effective method for determining a value is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion by way of price. Do

that by making a gross sales page for the brand new e-book, but do not embody a price on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with different costs on each page. Be sure that your sales copy is strictly the similar on each page, and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum value is.

Ultimately, if you've written a ebook that solves a downside or presents a brand new method, your e book will bring in both site visitors and profits.
