If this is your main objective, you must aim to keep your worth on the low side. Some authors have even priced their ebooks at a revenue loss to attract a high number of new customers. The hot button is to discover a value that maximizes your profits and the number of books you sell.

This is a superb pricing technique if you're looking to purchase long-time period customers. Lengthy-term clients are extremely doubtless to purchase from you again and again ? as long as the primary e-book they purchase is of exceptional high quality and useful to the customer.

However, if your guide contains valuable ? and more importantly NEW info, references, or techniques ? then you should purpose to price it on the high end.

After you determine your aim, you must figure out what your audience's want is to your ebook. For instance, does your e-book remedy a selected downside? If it does, and solves it in a way that hasn't been written about in 100 different ebooks, you will be capable of achieve high sales at a high price. If your e book solves a problem or answers questions in a new and distinctive method, you must value your e-book as excessive as you'll be able to go. You'll achieve larger profits this manner, but usher in fewer customers. Just ensure that the question or downside that your guide solves is one which is necessary and related to the vast majority of your market audience. In case

Understand that the above pricing strategy is temporary. Ultimately, you'll stop to promote books at this excessive price. So figure out prematurely how lengthy you plan to offer your e-book at this excessive price, and when that point is up, change your pricing strategy.

If you want to see massive profits over buyer draw, goal for an audience that's searching for simple options to their issues at a low price. If your ebook is aimed at solving one particular downside fairly than basic advice, then you can cost more. Start at the highest worth the market will bear to usher in the largest profits, and plan to low cost the ebook a variety of instances throughout the year.

If these customers have already purchased an e-book from you, ask for his or her opinion by way of price. Do this by creating a gross sales page for the new guide, but don't embody a value on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Be certain your sales copy is precisely the identical on each web page, and includes your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. This may tell you what your optimum worth is.
