One other strategy is to test out prices by creating a variety of duplicate gross sales pages with different prices on each page. Be certain that your gross sales copy is strictly the identical on

every web page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum value is.

Finally, should you've written a e-book that solves a downside or presents a brand new approach, your book will usher in both visitors and profits.
