Another strategy is to check out prices by creating a number of duplicate sales pages with different costs on every page. Be certain that your sales copy is strictly the similar on every web page, and

includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your website and gross sales of your book. It will tell you what your optimum price is.

In the end, in case you've written a guide that solves a drawback or presents a new approach, your e-book will herald each traffic and profits.
