Then you should definitely use that sentence in each piece of gross sales and promotional material, and every time anyone asks you about your ebook.

An effective technique for determining a worth is to send out a survey to your present customers. If these clients have already bought an ebook from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new guide, but don't embody a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by making a number of duplicate sales pages with completely different costs on every page. Ensure your gross sales copy is precisely the identical on each web page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum value is.

Ultimately, for those who've written a e-book that solves a drawback or presents a brand new method, your e-book will bring in both traffic and profits. So make sure to write that selling-deal with sentence that sums up what drawback your book solves and what the benefits of your 1865 ebook will likely be to the purchasers who buy it. And then watch your market come to you!
