An efficient method for figuring out a value is to send out a survey to your present customers. If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new ebook, but don't embody a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out costs by creating a number of duplicate sales pages with totally different costs on every page. Ensure your sales copy is precisely the identical on each web page,

and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.
