excessive gross sales at a excessive price. If your e-book solves an issue or answers questions in a new and unique means, it's best to price your e book as excessive as you can go. If you want to see giant profits over buyer draw, purpose for an audience that's in search of straightforward options to their issues at a low price. If your book is geared toward fixing one specific problem slightly than general recommendation, then you'll be able to charge more. Begin on the highest price the market will bear to bring in the largest earnings, and plan to discount the guide a variety of occasions throughout the year.
