One is to provide one thing away at no cost with your ebook, akin to a precious bonus item. Or bundle a number of ebooks below one worth, which lowers the worth for every e book in the event that they have been bought separately.

An efficient approach for figuring out a value is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the brand new e book, but don't embody a value on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out prices by creating a variety of duplicate sales pages with completely different prices on every page. Make sure that your gross sales copy is exactly the same

on every page, and contains your selling-handle sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum value is.

Finally, should you've written a guide that solves a downside or presents a new method, your e-book will herald each site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what drawback your ebook solves and what the advantages of your 227 book can be to the purchasers who buy it.
