One other technique is to check out prices by making a number of duplicate sales pages with different prices on every page. Make sure that your sales copy is strictly the identical on every

web page, and includes your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum price is.

Finally, for those who've written a ebook that solves a downside or presents a new technique, your e book will herald each traffic and profits.
