An effective method for determining a price is to ship out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of price. Do that by making a sales page for the new e-book, however don't include a price on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out prices by making a variety of duplicate sales pages with totally different prices on every page. Ensure that your gross sales copy is strictly the same on every web

page, and includes your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum price is.

Ultimately, should you've written a e book that solves a downside or presents a new technique, your e book will usher in each traffic and profits. So make sure you write that selling-handle sentence that sums up what downside your ebook solves and what the advantages of your 2609 e-book will be to the purchasers who purchase it. And then watch your market come to you!
