sales and promotional materials, and every time anybody asks you about your ebook.

Apart from selling your books assiduously on-line, there are several different methods that can provide help to promote more books.

One is to provide something away at no cost along with your book, resembling a helpful bonus item. Or bundle a number of ebooks beneath one worth, which lowers the value for each ebook in the event that they had been bought separately.

An efficient method for figuring out a value is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales web page for the new guide, but do not embody a worth on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with different prices on every page. Be sure your sales copy is exactly the same on each page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum worth is.

Finally, should you've written a guide that solves a problem or presents a brand new method, your guide will herald both traffic and profits.
