An effective approach for determining a worth is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to

price. Do this by making a sales web page for the new ebook, however don't embody a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out prices by creating a variety of duplicate gross sales pages with totally different prices on each page. Make sure your gross sales copy is exactly the same on every page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum value is.

In the end, if you happen to've written a guide that solves a problem or presents a brand new method, your e-book will usher in each site visitors and profits.
