An efficient method for determining a worth is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the brand new book, but do not embrace a price on that page. As an alternative, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with completely different prices on every page. Be certain your sales copy is strictly the same on each page, and contains your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum value is.

Ultimately, when you've written a e-book that solves a downside or presents a brand new technique, your e book will usher in both visitors and profits.
