promotional materials, and every time anyone asks you about your ebook.

Moreover promoting your books assiduously on-line, there are several other strategies that may help you sell extra books.

An effective method for determining a value is to send out a survey to your current customers. If these prospects have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new book, however do not include a price on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by creating a variety of duplicate gross sales pages with different prices on each page. Be certain that your sales copy is exactly the identical on each web page, and contains your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and gross sales of your book. This may inform you what your optimum value is.

Finally, if you've written a e-book that solves a downside or presents a new technique, your guide will bring in each visitors and profits. So you'll want to write that selling-deal with sentence that sums up what downside your ebook solves and what the advantages of your 333 e book can be to the purchasers who buy it.
