One is to offer something away without cost with your book, resembling a helpful bonus item. Or bundle several ebooks beneath one price, which lowers the value for every e book in the event that they were sold separately.

An efficient method for determining a price is to send out a survey to your present customers. If these customers have already purchased an book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the new book, but do not embrace a worth on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with different prices on each page. Be certain that your sales copy is strictly the identical on each web

page, and contains your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum price is.

In the end, if you've written a ebook that solves a problem or presents a new technique, your book will herald each site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what drawback your guide solves and what the benefits of your 401 ebook will likely be to the customers who buy it.
