An efficient technique for determining a price is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion by way of price. Do

this by creating a sales web page for the new ebook, but do not embrace a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by creating a variety of duplicate gross sales pages with different costs on every page. Be certain that your sales copy is strictly the similar on every page, and contains your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum value is.
