Then be sure you use that sentence in every piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

Besides promoting your books assiduously online, there are several other methods that can help you sell more books.

One is to give one thing away for free along with your book, akin to a priceless bonus item. Or bundle a number of ebooks under one price, which lowers the worth for every e-book if they have been bought separately.

An efficient approach for determining a worth is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new ebook, however don't include a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out costs by making a variety of duplicate sales pages with completely different prices on every page. Make sure your gross sales copy is strictly the similar on every

page, and consists of your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your site and sales of your book. This can inform you what your optimum worth is.

Finally, if you've written a e book that solves a problem or presents a brand new technique, your book will bring in both site visitors and profits. So remember to write that selling-handle sentence that sums up what problem your e-book solves and what the benefits of your 479 book might be to the purchasers who purchase it. After which watch your market come to you!
