An effective approach for figuring out a price is to send out a survey to your present customers. If these prospects have already bought a book from you, ask for their opinion when it comes to price. Do this by making a sales page for the brand new e-book, but don't include a worth on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Ensure your gross sales copy is precisely the identical on

each page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. This will inform you what your optimum price is.

Ultimately, if you happen to've written a e-book that solves a downside or presents a brand new technique, your e-book will usher in each traffic and profits. So make sure you write that promoting-handle sentence that sums up what problem your e-book solves and what the benefits of your 607 e book shall be to the customers who buy it.
