Start on the highest price the market will bear to bring in the largest income, and plan to discount the e-book a number of occasions throughout the year.

Marketing Strategies

An effective method for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion by way of price. Do this by creating a sales web page for the new book, but don't embody a worth on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with totally different prices on every page. Be certain that your gross sales copy is exactly the similar on

every page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum value is.

In the end, when you've written a book that solves a downside or presents a new method, your book will usher in both visitors and profits. So be sure to write that selling-handle sentence that sums up what problem your ebook solves and what the benefits of your 657 e-book will be to the shoppers who purchase it.
