If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new e-book, but don't embody a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Be certain that your sales copy is precisely the same on each page, and includes your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

Finally, in the event you've written a guide that solves a drawback or presents a new method, your

book will bring in each traffic and profits. So you'll want to write that selling-handle sentence that sums up what downside your e book solves and what the benefits of your 698 e-book might be to the shoppers who purchase it. And then watch your market come to you!
