Another technique is to check out costs by creating a number of duplicate gross sales pages with different costs on every page. Be sure your sales copy is precisely the identical on every page, and

includes your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum value is.

Finally, in case you've written a guide that solves a problem or presents a brand new technique, your e book will herald both site visitors and profits.
