Advertising and marketing Methods

The important thing that unlocks the sales potential of your book is to find a single sentence that becomes your selling handle. Moreover selling your books assiduously online, there are a number of other methods that can help you promote more books.

One is to give something away for free along with your book, resembling a valuable bonus item. Or bundle several ebooks under one price, which lowers the price for each e-book if they had been sold separately.

An efficient method for figuring out a price is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new book, however don't embody a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Be certain your sales copy is precisely the same on every page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum value is.

Finally, when you've written a e-book that solves a problem or presents a brand new method, your e

book will usher in both traffic and profits. So be sure to write that promoting-handle sentence that sums up what problem your guide solves and what the advantages of your 730 e book might be to the shoppers who buy it. And then watch your market come to you!
