Then make sure you use that sentence in every piece of gross sales and promotional material, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of different strategies that may allow you to promote extra books.

One is to present something away free of charge together with your e-book, similar to a priceless bonus item. Or bundle several ebooks underneath one price, which lowers the value for each e-book if they had been offered separately.

An effective method for figuring out a value is to ship out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the new e book, however don't embrace a price on that page. Instead, add a number of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out costs by making a number of duplicate sales pages with totally different prices on each page. Be certain your gross sales copy is exactly the similar on every page, and includes your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum value is.

Finally, if you've written a ebook that solves a drawback or presents a new approach, your ebook will usher in both visitors and profits. So make sure you write that promoting-handle sentence that sums up what drawback your e book solves and what the benefits of your 830 book might be to the purchasers who purchase it.
