Advertising Strategies

The key that unlocks the sales potential of your e book is to discover a single sentence that becomes your promoting handle. This sentence states what question or problem your ebook answers and the advantages your book can provide. Then make sure you use that sentence in each piece of sales

and promotional material, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are several other strategies that can help you promote more books.

An efficient method for determining a price is to send out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the new e book, but do not embody a value on that page. Another technique is to check out costs by making a variety of duplicate gross sales pages with totally different prices on each page. Make sure your gross sales copy is strictly the same on each web page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum value is.

In the end, if you've written a e book that solves a drawback or presents a new technique, your book will herald both visitors and profits.
