One is to provide one thing away for free with your book, equivalent to a valuable bonus item. Or bundle a number of ebooks underneath one value, which lowers the value for each book if they have been bought separately.

An efficient method for determining a price is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new e book, but don't include a value on that page. Another strategy is to check out costs by making a number of duplicate gross sales pages with different costs on every page. Be certain that your gross sales copy is precisely the same on every page, and consists of your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. This may let you know what your optimum price is.

Ultimately, should you've written a e-book that solves a downside or presents a new approach, your

guide will usher in both site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what drawback your book solves and what the benefits of your 879 e book will be to the shoppers who buy it. And then watch your market come to you!
